

PAYPOINT WINDOWS

DUETTO TRYPTIC

Reference :
A74200

Protective countertop shield

This barrier blocks virus transmission by projection of postillons.

The Tryptic DUETTO incorporates a DUETTO pay window that facilitates communication, without the need for intercom, while protecting staff from pathogenic germs and a plexiglass screen to ensure good transparency with optimum vision and good seating on the reception desk.

In addition, the Tryptic DUETTO is a monobloc model with a space for the transfer of documents, banknotes or coins, thus facilitating the exchange between an employee and a customer/visitor. It can be easily installed on a desk or counter. It can be easily moved as needed.

**PROTECT YOUR EMPLOYEES AGAINST
THE HEALTH RISKS .**

DO YOU KNOW ?

PW3 Stand alone

DUETTO TRIPTYC

The Hygiaphone products participate in the limitation of the transmission of microbes during exchanges between employees and clients without compromising the communication.

Our model Duetto Tryptic has been especially designed to meet your needs against the projection of postillons or droplets of saliva at the reception functions. The Brand born in 1947 following a outbreak of virulent influenza, had also evidence during the influenza pandemic A(H1N1) 2009.

Characteristics

This product is a transparent physical barrier.

DUETTO TRYPTIC

Supplied in one piece, the DUETTO TRYPTIC has a perfect stability and a sleek design.

The central part incorporates a Duetto sound pass with transfer shutter (allowing the exchange of documents), it is equipped with a membrane avoiding the transmission of microbes and amplifying sound during discussions between interlocutors. The side parts are not removable/ foldable but provide a stable installation with a 45° angle.
