Compline

PREMIUM PROTECTION FOR VALUABLES IN
THE HOME AND OFFICE

Complice

An ergonomic, customisable design that enhances personal comfort while ensuring ultimate durability: Complice is a range of certified safes providing burglary and fire protection for your home or office.

KEY BENEFITS

TRIED AND TESTED PROTECTION AGAINST BURGLARY AND FIRE:

Complice has been subjected to a series of rigorous resistance tests performed by a variety of attack tools. The result is burglary-resistance certification according to EN 1143-1 standards for Grade 0 with the A2P label. Complice has also been certified fire-resistance according to EN 15659 Grade LFS 30P with the ECB•S label for fire protection of paper up to 30 minutes (20, 40 and 80 litres free standing versions).

ATTRACTIVE SAFE:

An utilitarian design with an elegant grey-blue color, an ergonomic handle

and premium fittings, such as glass shelving and LED lighting to stand out conspicuously in an otherwise attractive home or office space.

TWO PROTECTION GRADES:

Grade 0 for burglary protection, Grade LFS 30P for fire protection.

FIVE SIZES PER GRADE:

You can choose from 4 sizes, from 10 to 80 litres, each of which is offered as free-standing or in-wall safes.

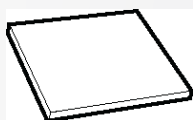

CERTIFIED LOCKS:

A range of mechanical and electronic locks are available with the A2P Label from the CNPP and certified by ECB•S according to EN 1300 European standard.

The Complice safes are designed for customers looking to protect documents and valuable in the retail industries or in small businesses. They perfectly meet the needs for personal use at home.

IDEAL FOR

ULTIMATE CONVENIENCE IN ONE ATTRACTIVE SAFE

When choosing a safe that is right for your needs, certification in accordance with stringent European standards is the only accreditation that can give you total peace of mind.

The Complice range of safes meets the most rigorous standards for burglary and fire resistance, offering a high level of protection for vital documents and valuables stored in the home or office.

Available in four compact sizes, Complice has been designed to provide a stylish, convenient and user-friendly solution to your personal or professional security needs thanks to improved ergonomic features and a variety of optional fittings.

SUPERIOR PERFORMANCE IN A MODERN DESIGN

With Complice, you benefit from a safe with advanced certified protection that does not compromise on convenience or style. An improved design boasts a stylish grey-blue colour with grey fittings and features an ergonomic handle developed specifically for the Complice range, enabling quick and easy access to your valuables while

optimising usability. A wide range of custom options and fittings are available, including LED lighting and glass shelving.

STATE-OF-THE-ART TECHNOLOGY FOR ULTIMATE DURABILITY

To ensure you can rely on its durability over the long term, the Complice range is constructed from state-of-the-art sheet steel walls that incorporate a reinforced 87-mm door, an extra-strong mineral composite and robust new hinges. It is secured with a thick steel bolt that reaches the same height as the door. Both the door and hinges have undergone repeat tests to ensure maximum sturdiness. The lock is protected by a relocking mechanism to combat attacks from mechanical or thermal tools.

FICHET-BAUCHE PROMISE

Fichet-Bauche products are designed and manufactured in accordance with the ISO 9001 standard for Quality Management Systems, ISO 18001 for Occupational Health and Safety Management Systems and ISO 14000 for Environmental Management Systems. The Complice safes deliver on the Fichet-Bauche guarantee: they are manufactured in France and all safe components are tested by the Fichet-Bauche laboratory in compliance with the current European standards.

LOCKING CONFIGURATIONS
