

Service Column

Burglary Protection

SERVICE COLUMN

Burglary Protection

Offering 10 compartments, this column is designed for secure storage of floats. While managers have total access, individual compartments are assigned to individual users.

PERFORMANCE AND SECURITY

Fichet's Service Columns offer:

- ✦ Best adequacy for retail outlets, small businesses and public administrations
- ✦ Secure storage of laptops and mobile phones
- ✦ Choice between front-loading compartments only or both front and rear access—in which case installation through a wall is standard
- ✦ 3 keys per compartment +3 general pass keys opening all compartments and the rear door
- ✦ 2mm-thick steel walls and a 4mm-thick steel door on each compartment
- ✦ Obvious ease of use: simple opening of compartments with a key
- ✦ Possible installation on a 100 or 300mm pedestal.
